

The Vashon Hydrophone Project Invites You to

FALL FOR ORCAS!

On the VASHON THEATRE'S BIG SCREEN
SUNDAY, NOVEMBER 2, 2:00 PM

WITH SPECIAL GUEST: "ORCA HERO" MARK SEARS

Elder male Ruffles (J1), age 57, spyhops off Vashon Island. Photo © Mark Sears

Orca Season is October to January in Vashon-Maury waters!

Vashon Hydrophone Project partners **Mark Sears, Orca Annie Stateler, and Odin Lonning** will discuss local research and conservation issues pertaining to our endangered Southern Resident orcas. The program features **Mark's spectacular slides of whales in Puget Sound** and a **Tlingit killer whale honoring song** by Odin and Orca Annie. Learn from experts who have studied orcas in Island waters for decades why the whales come here and where you might see them!

*** Admission is only **\$5.00** and proceeds benefit the VHP ***

Contact **Orca Annie** at 463-9041 for more information • Vashonorcas.org
